Dr. J. Ramachandran
Founder President

FROM THE FOUNDER PRESIDENT'S DESK

Eliot said: "He will teach that the good which men do lives after them, fructified and multiplied beyond all power of measurement or computation. He will teach that from the seed which he planted....have sprung joy, strength and energy ever fresh, blooming year after year in this garden of learning and flourishing...as time goes on, in all fields of human activity."

Institutions embody our present and enduring connections to one another. They bring our disparate talents and capacities to the pursuit of common purpose. At the same time, they link us to both what has come before and what will follow. They are repositories of values-values that precede, transcend and outlast the self. They challenge us to look beyond the immediate, the instantly gratifying, to think about the bigger picture, the longer run, the larger whole. They remind us that the world is only temporarily ours, that we are stewards entrusted with the past and responsible to the future. We are larger than ourselves and our selves.

That responsibility is quintessentially the work of Universities-calling upon our shared human heritage to invent a new future- the future that will be created by the hundreds of graduates who leave the campus every year. Our work is about that ongoing commitment-not to a single individual or even one generation or one era- but to a larger world and to the service of the age that is waiting before it.

FROM THE VICE-CHANCELLOR'S DESK

Col. Dr. G. Thiruvassagam
Vice-Chancellor

Dear colleagues and students,

I am immensely pleased to note that the AMET University is to afloat yet another issue of AMET Waves, a prestigious publication of the University bringing the reminiscence of glorious events taken place in the campus during the last six months. One would concur with me that a publication of this kind of an institution like ours' would always form as a source of information for the future reference and cherishment.

The information along with photographs divulged in this publication would reveal to show the amount of interest and efforts that our Management has taken for making the possibility of presence of galaxy of celebrities, national and international, to the different functions of the University.

The Editor of this Publication deserves all my appreciation and congratulations.

NATIONAL MARITIME DAY CELEBRATION

AMET University celebrated the National Maritime Day on 5th April 2015 by conducting several competitions and events as a mark of celebrations. Capt. J.S. Uppal, Principal Officer, Mercantile Marine Department, Chennai participated as Chief Guest of this function and delivered the Maritime Day address. In his address, he has stated that he was very happy to see the young seafarers of the Indian Maritime Industry participate in the events. He emphasized on the safety aspects in the shipping industry

without which safety and environmental improvements cannot be achieved. He also spoke about the revival of the shipping industry globally and stated that, as per BIMCO that there would be total of 19,000 vacancies for maritime officers by the end of this year and around 22,000 by the end of 2018. Therefore, the demand for Indian Officers would go up, because of the tolerance, competency, and the maritime education and training given to them.

The President of the AMET University, Dr. J. Ramachandran in his presidential address pointed out that the current maritime education and training scenario in India are in the uprising in the shipping industry globally. He emphasized on the increasing demands of the merchant navy officers in the near future and the increase in the job opportunities in the maritime sector and the various shipping companies coming for recruitment in the University.

Col. Dr. G. Thiruvassagam, the Vice-Chancellor of the University in his speech opined that when we celebrate the National Maritime Day on 5th April, we must also take into nation's remembrance of the great patriot and freedom fighter of Tamil Nadu, V.O. Chidambaram Pillai. It was he who launched the first indigenous Indian Shipping Enterprise, named as Swadeshi Steam Navigation Company and commenced the regular voyage between Tuticorin and Colombo, way back on 12th November 1906 and well ahead of the launching of SS Loyalty of M/s Scindia Steam Navigation Co. Ltd.

He further stated that 80 to 90 percent of the maritime accidents are taking place due to human error. Hence, it is critical that seafarers are to be well educated and trained, able to follow orders, to manage risks, solve the problems and must be psychologically and emotionally fit to ensure safe, secure, clean and efficient operations for safety of

like at sea. Recognizing the significance of highly competent human resources at sea, Maritime Education and Training should be enhanced in terms of facilities and equipment, curriculum design, learning methodologies, quality of instructions and in all aspects of ensuring a pool of high qualified and competent marine officers and engineers to man the world fleet.

Mr.S.Karikalan, Trustee of the University emphasized the need for the quality in maritime education and training in India. He further remarked that the training given to the cadets of the AMET University are all followed with the guidelines given by the Directorate General of Shipping and STCW -78 convention as amended.

During the celebrations, Cadet Rahul Prabhu of B.E.
