ABOUT AMET UNIVERSITY

AMET University is India's first maritime University and one and only university from India to be a member of the International Association of Maritime Universities. With quality, commitment, knowledge and excellence as its corner stones. AMET's uncompromising strides of excellence in the field of maritime education and training laced with its capacity to feed the global shipping industry with an unrivalled maritime human resource secured it the status of becoming the first university in India for maritime education, training, research and development activities on the 21st August 2007.

AMET University serves as an ocean of knowledge for over 4000 students pursuing courses ranging from diploma to Doctoral programs through 9 schools and 23 intensive research and training centers for marine and marine related activities. Equipped with an excellent infrastructure for research and development, co curricular and extracurricular activities

BACKGROUND

Doctoral Research is one of the prime academic endeavors which needs careful and systematic search for new information in a structured way. To structure the doctoral research, research methodologies take a pivotal role. Across disciplines, the research methodologies are common. Hence, a comprehensive Conference on the importance of research methodologies for doctoral research would be a pathfinder for young research scholars who are in the early stages of their PhD.

OBJECTIVES OF THE PROGRAM

- To introduce the philosophy of research to young researchers.
- To provide the knowledge of various resources to begin a doctoral research.
- To provide the participants an overview of research methodology, research tools, statistical tools and writing doctoral research proposals and theses

WHO CAN ATTEND THE PROGRAM?

- Part time and full time PhD research scholars.
- Young research guides.
- Faculties of Humanities/Social science, Science, Engineering, Medicine and Technology Institutions.
- Post graduate students of all the above disciplines who are aiming to do doctoral research.

TECHNICAL PROGRAMS

- Lead lectures by eminent researchers from different disciplines.
- Introduction of web based resources like literature collection, statistical tools, publication avenues etc for doctoral research works
- Model doctoral research proposals
- Overview of theses and scientific report writings

Program kit, lunch and light refreshments will be provided. Certificates will be issued to all the participants.

Key Speakers

Scientist, Professors, researchers from various Universities, institutes and research organizations

Registration details:

Registration is open for research scholars, post graduate students, faculties, research fellows and research guides of all academic and research Institutes.

Registration Fee : Rs. 250/-
Last date for Registration : 15th May, 2017
