Summary:

From the feedback of Alumni it is understood that they have satisfied with Admission Procedure, Support rendered by the faculty in the department, Grievance Redressal mechanisms ,etc.

Findings:

1. Students proud to be associated with AMET.

2. Students have appreciated the support rendered by the faculty of Department.

3. Although there was a positive sign of the Curriculum and learning environment form the Alumni, there was a response to state that it was poor.

4. The response of god admission procedure was also substantiated with another parameter on recommending others to join   AMET.

Suggestions:

1. Courses like machine electrical, automation should be included
2. Importance should be given to the practical Knowledge classes
3. More placement activity should be arranged.
4. Software related courses should also be included in the curriculum

Action Plan:

Based on the observation the department will request the members of Board of Studies to fulfill the suggestions given by the alumni members.
