

Institution has a disabled-friendly and barrier-free environment Ramps/lifts for easy access to classrooms and centres. Disabledfriendly washrooms Signage including tactile path lights, display boards and signposts Assistive technology and facilities for persons with disabilities: accessible website, screenreading software,mechanized equipment, etc. Provision for enquiry and information: Human assistance, reader, scribe, soft copies of reading materials, screen reading, etc.

AMET Deemed to be University is unwavering in its commitment to creating an inclusive and accessible campus environment that caters to the needs of individuals with disabilities. The university has taken deliberate steps to ensure a disabled-friendly and barrier-free setting, incorporating features such as ramps and lifts strategically placed for easy access to classrooms and centers. Special attention has been given to restroom facilities, with disabled-friendly washrooms equipped to meet unique accessibility requirements. Comprehensive signage, including tactile path lights, display boards, and signposts, has been implemented to assist those with visual impairments. Moreover, the university embraces assistive technologies and facilities, such as accessible websites, screen-reading software, and mechanized equipment, to enhance the overall experience for persons with disabilities. The provision for inquiry and information is equally robust, offering human assistance, readers, scribes, soft copies of reading materials, and screen-reading support. Through these initiatives, AMET University stands as a beacon of inclusivity, striving to provide an educational landscape where every individual, irrespective of their abilities, can thrive and participate fully in academic pursuits.

BARRIER FREE ENVIRONMENT

The AMET Deemed to be University has made the campus barrier free by establishing and making available the following facilities.

1. Ramps in the academic/administrative and hostel blocks
2. Wide corridors in academic/administrative and hostel blocks
3. Lifts in Academic and Hostel blocks
4. Parking space for physically challenged are reserved near the ramps
5. Toilets for physically challenged persons
6. Emergency alarm in Toilets for Physically Challenged
7. Access to the auditorium/seminar halls for physically challenged/Wheel chairs

8. Portable wooden ramp to facilitate easy access in needed locations
9. Slip resistant floors in all academic, administrative and hostel blocks
10. Seating arrangements throughout the campus (every 200 m)
11. Emergency alarms
12. Hooter Alarms have been fixed in the following points in addition to the formal emergency alarms
13. Evacuation safe area at emergency
14. Round the clock health centre and ambulance
15. Handrails in staircases

18. Sign boards and maps at all academic/administrative and hostel blocks
19. Centre for Slow Learners to facilitate the slow learners and weaker students
20. Counseling Cell is functioning with a fulltime psychological Counselor for the emotional well being of the needy students

Besides, AMET has made the following additional facilities for expanding the scope of barrier free environment in the campus. To comply with the observations made by the AICTE Expert Visit Committee 2019, AMET has developed the following facilities and improved the existing facilities with reference to barrier free environment.

1. AMET has newly established four ramps in the following academic blocks
 - a) Rabindranath Tagore Block
 - b) Jawaharlal Nehru Block
 - c) Dining hall
 - d) Ganga Hostel
2. All academic blocks and Hostels are equipped with sufficient Lift facilities for ease of access
 - a) Mahatma Gandhi Block
 - b) Dr VBS Rajan Library Block
 - c) Jawaharlal Nehru Block
 - d) Bharathiyar Block

3. Handrails are installed inside lifts at reachable heights for wheelchair users.
4. Lifts are made accessible for the wheelchair users
5. Handrails are fitted in all the staircases for easy access
6. Where ever long corridors are there, hands rails are installed and seating arrangements are made at the middle of the corridors to enable aged and physically challenged persons to have support and hassle free movement
7. AMET has interconnected the adjoining blocks such as Library Block, Administrative Block (Mahatma Gandhi Block) and Rabindranath Tagore Block with steel ramps to make easier access.
