Community Activity

Dental Awareness Camp

**Venue: Government Elementary School-Kanathur
Reddykuppam Chennai-603112**

Date: 07-April-2018

CATEGORY: COMMUNITY ACTIVITY

About the Programme:

The World Health Day is a global health awareness day celebrated every year on April 7. In view of this, we have organized “**Dental Awareness Camp**” on 7th April 2018 at Government Elementary School-Kanathur for Kanathur community people in order to promote the health awareness program. We organized this program in association with a team of 10 doctors from RAGAS Dental College & Hospital, Uthandi for the checking up of the Kanathur Fisheries Community People.

Background

Dental care has been always a neglected area, the leading oral cancer, gum diseases in rural area is bit alarming. In a recent study of central government it was found that 92% of students were found with dental cavities, decay and gum problem. According to the Frost & Sullivan survey, an estimated 40-50 percent of Indian population has never visited a dentist.

Good oral health is extremely important for general wellbeing of an individual. Some common oral health diseases are dental caries and periodontitis which effect 60 to 80 percent respectively, of the Indian population.

Objective

The primary objective of this program is to render promotive, preventive and curative services for oral disease particularly in the rural and under-served areas.

A total number of 150 people from community got benefitted of this camp. The college had not only provided the Trained Doctors but they had also brought a well equipped van for any small surgery needed at the spot. Also they gave referral slips for those people who needed further treatment. The further treatment would be provided at the Dental College.

AMET
ACADEMY OF MARITIME EDUCATION AND TRAINING
(Declared as Deemed to be University u/s 3 of UGC Act 1956)

Department of Mathematics

Category: Extension Activity on Vedic Mathematics and Numerical Reasoning

About the Program:

Vedic Mathematics, or simply Vedic Maths, is a given name - for a system of Indian Mathematics discovered by Sri Bharati Krishna Tirthaji (1884-1960), as part of his research of scriptures (dating Vedic times) that contained 'GanitaSūtra', and were earlier rejected. According to his (years of) research, he deciphered these 'GanitaSūtra' and concluded that (practical) mathematics in ancient times was based on 16 Sūtras, or word-formulae.

His research is believed to be related with Atharvaveda - often called the 'Veda of magical formulas', and the Upaveda: Sthāpathyaveda - that comprises all kinds of architectural and structural human endeavours. It is obvious that the entire 'ancient traditions of mathematics' came to light because of his works, and all related works on Vedic Mathematics revolve around his initial works - 16 volumes, each on every Sūtra - which were irretrievably lost. He served the GovardhanPeeth, PuriJagannath - as JagadguruSankaracharya (1884-1960) - and propagated Vedism and Vedic Mathematics all over the world through innumerable lectures and demonstrations. It was only during his last days, and the enterprise of some disciples who took down notes, that the book of 'Vedic Mathematics' was published in 1965 - almost 5 years after his demise.

Beneficiary Institution:

**VGP Philominal Metriculation High School
Injambakkam
Chennai 600 115.**

Dear Raja,

There is a request for social activity.

AMET University is doing the social activity and they want to have involvement of a reputed corporate along with them.

A small contribution of RS 2000 shall be enough. They shall take care of every other activity

They shall teach the students on cleanliness and it's benefit.

You may nominate an employee to be present with them on 22nd.

Thanks and Regards,

Ramanathan M
