Community Activity

SWACHH BHARAT MISSION
Muttukadu Beach Cleaning

Venue: Muttukadu Beach, Chennai.

Date: 16-11-2018

Category: Community Activity

About the Program:

People come to beach for relaxation. Many people just leave their trash on the beach thinking that someone else will come pick it up, but that trash eventually ends up in creating problem to the environment. Hence it is necessary to clean the beach. Cleanliness of our country is one of the most important issues. The roads are always filthy and the rivers which are religiously pious and pure have been rendered poisonous. It is the duty of the municipal corporation to maintain the cleanliness of the cities but it is also our social responsibility too. There are million approaches to solve this problem. But Beach Cleaning is the excellent approach which the AMET , EEE students have performed.

Venue : Muttukadu Beach, Chennai.

Activities Executed:

Date: 29th January 2019

Venue: Shozhinganallur junction

Program Details :

Road safety in INDIA

Road traffic deaths have reached alarming levels across the world, with 1.35 million people dying in traffic accidents every year, but India's road safety is the worst on record.

Around 149,000 people lost their lives on Indian roads in 2018 alone. India accounts for about 2% of motor vehicles globally, yet it's responsible for more than 11% of road traffic deaths.

Road traffic crashes are an epidemic in India. It is not only a public health issue, but an economic one: The country loses \$58 billion, or 3% of its GDP, every year due to road traffic crashes. The benefits of improving road safety go far beyond increasing the overall quality of life for India's citizens and will undoubtedly save many lives.

For the above alarming situation AMET NCC company has conducted an Awareness camp at Shozhinganallur, Chennai.

In this campaign NCC cadets advised the public to wear seat belt and Helmet for their safety. NCC cadets displayed various road safety signs and advised them the how to use Hand gestures for safe journey.

Motivate Digital Transactions

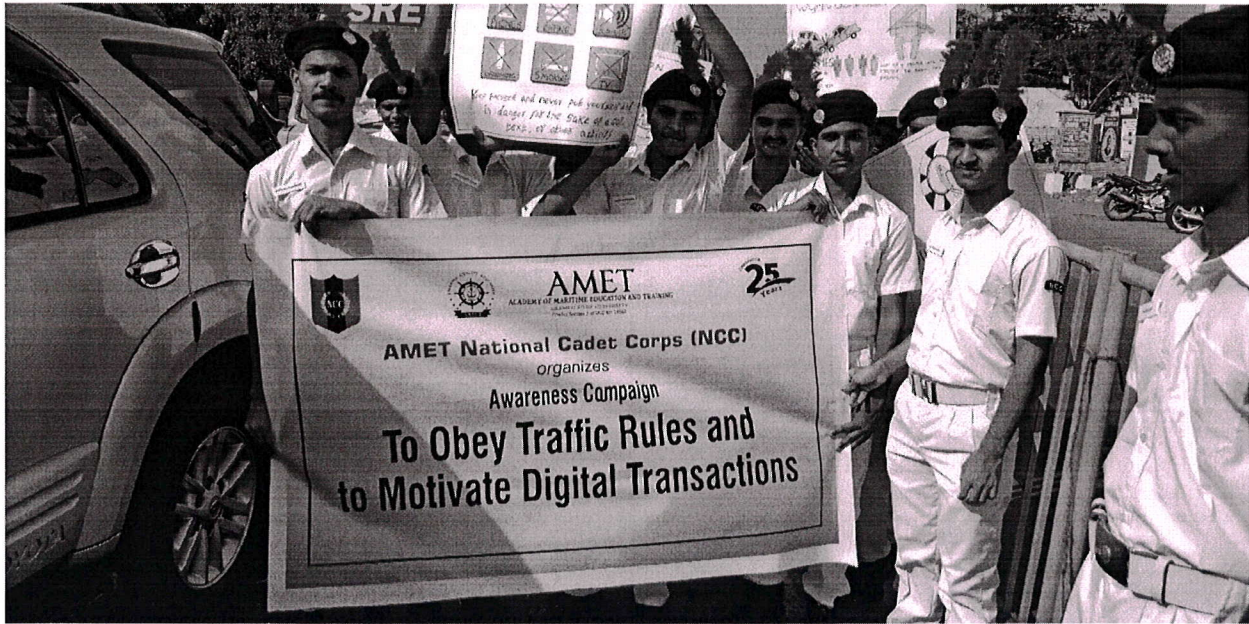

The digital India program is a flagship program of the government India with vision to transform India into a digitally empowered society and knowledge economy. "Faceless, paperless, cashless" is one of the professional role of digital India.

In this campaign NCC cadets suggested the public with the following modes of transaction to encourage cashless India:

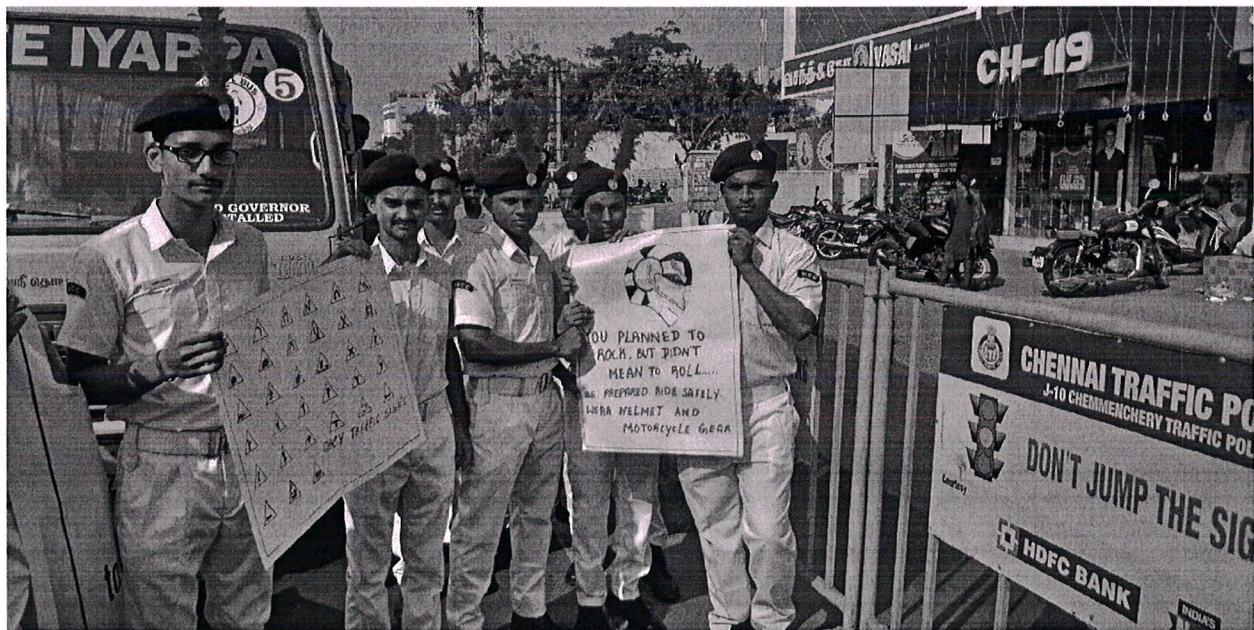

MODES OF CASHLESS IN INDIA

- Cheque
- Internet banking
- Online Transfer- NEFT or RTGS
- Credit Card or Debit Card
- Mobile Wallets
- UPI Apps
- Aadhar Enabled Payment System
- Micro ATM

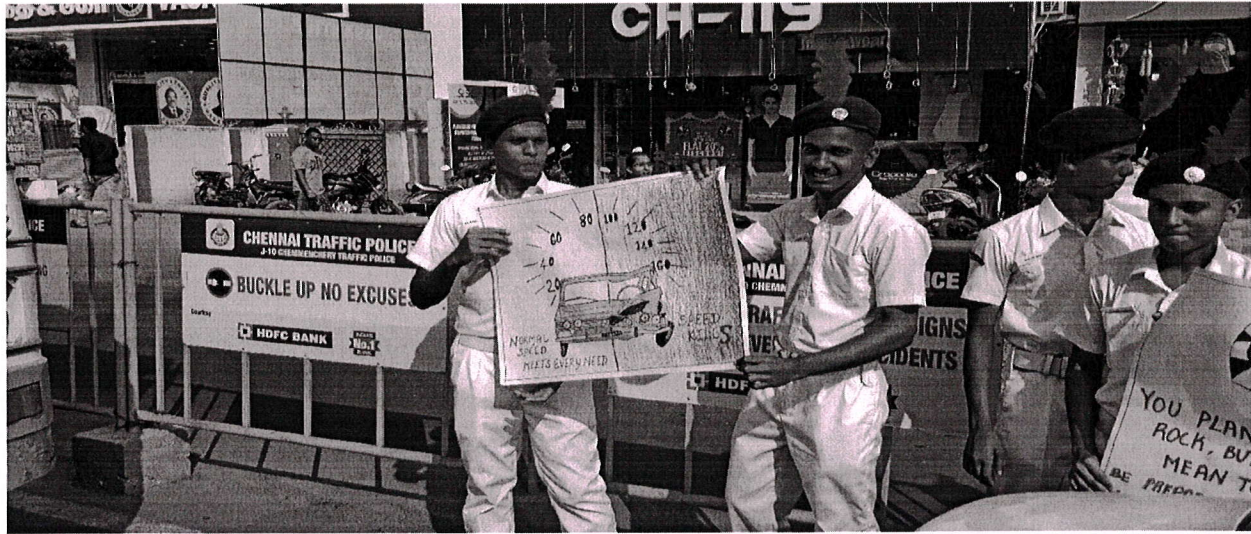

At Shozhinganallur Signal
